Regional One Health

Effective June 2, 2021

Business Partners, Contractors and Vendors
COVID-19 On-Site Protocol

To protect our patients, their families, our staff, and the community, Regional One Health has adopted a restricted on-site protocol for contractors, vendors and business partners. This includes, but is not limited to any representative of agency staff, contractors, consultants, vendors, students, research staff, temporary staff, volunteers and interns (collectively referred to as "individuals").

Safety Protocols
To prevent the spread of COVID-19 within our community, please contact your Regional One Health representative prior to coming on-site. If you are experiencing any of the following signs or symptoms, DO NOT present at any Regional One Health location:

- ✓ *Fever or chills*
- ✓ *Cough*
- ✓ *Shortness of breath*
- ✓ *Difficulty in breathing*
- ✓ *Fatigue*
- ✓ *Muscle or body aches*

- ✓ *Headache*
- ✓ *New loss of taste or smell*
- ✓ *Sore throat*
- ✓ *Congestion or runny nose*
- ✓ *Nausea or vomiting*
- ✓ *Diarrhea*

All individuals must adhere to the to the Centers for Disease Control and Prevention (CDC) standards and hospital policies with regard to daily screening questions, including temperature checks, wear proper personal protective equipment, maintain hand hygiene and social distancing guidelines.

- Any individual experiencing the above symptoms upon entry will NOT be permitted onsite; negative SARS-CoV-2 laboratory results are required to regain access to our facility.
- Any individual who develops symptoms while onsite must leave the facility immediately (contact employer and healthcare professional); negative SARS-CoV-2 laboratory results are required to regain access to our facility.
- Any individual who fails to wear proper PPE, including facial mask at all times, will be removed from the facility.
- Any individual who tests positive for SARS-CoV-2 must follow CDC guidelines before returning to our facility:
  - At least 10 days have passed since symptoms first appeared; *and*
  - At least 24 hours have passed since last fever without the use of medications; *and*
  - Symptoms (e.g., cough, shortness of breath) have improved.
  - Retesting is not required.

Vaccinated Individuals
Individuals must sign-in daily using Regional One Health's Day Pass application and document proof of being fully vaccinated (14 days post final injection) prior to coming onsite. Individuals must have their COVID Vaccination Record Card with them at all times and show proof upon request. Regardless of vaccination status, individuals must continue to follow Regional One Health's masking and social distancing protocols. If individuals are symptomatic, become symptomatic or not fully vaccinated in accordance with the CDC, they must follow the testing requirements below. Regardless of vaccination status, individuals must continue to follow masking and social distancing protocols.

COVID On-site Protocol
Last Update: 06.02.21

Unvaccinated / Symptomatic Testing Requirements
Unvaccinated or symptomatic individuals must have a negative COVID-19 test prior to coming to campus. Individuals must sign-in daily using the Regional One Health Day Pass application to answer screening questions and to provide the date of last negative COVID test. If the individual has tested positive for COVID they may return after 10 days of isolation (no repeat testing is required). Regardless of vaccination status, individuals must continue to follow Regional One Health's masking and social distancing protocols.

Access to Subacute Unit
Testing varies based on regulatory requirements applicable to Long Term Care facilities. Individuals may be require to test up to twice weekly depending on the county's positivity rates.

Testing Sites
Many community testing sites offer free testing to healthcare employees. If you need assistance finding a COVID-19 testing center near you call 833-556-2476 or 877-857-2945 or refer to the Shelby County Health Department website for testing locations and appointment requirements:
https://covid19.memphistn.gov/resources/covid-19-testing-sites-in-shelby-county/

You may also contact a Regional One Health primary care clinic to schedule a patient appointment. Please refer to the Regional One Health website for locations and contact information:
